## Student of the Week

### Blake Mattson

Blake is a very respectful and friendly student. He is always willing to help out, or jump into a project where others might shy away from. Blake has put in a ton of effort, especially this year, to always stay on top of his academics. Blake is really good at using both sides of his brain. He is the only student that can write legibly on the board while standing with his back against it. Blake is a very likeable student and will really be missed by his teachers! Congratulations and good luck in your future Blake!
